I like this spot!

As the sun began to set, it was time for Reszurre to do her exercises and get ready to sleep, which included changing...

This is where I keep my medicine ...

Having gotten a recharge of mana in the forest, we returned to the workshop. Since it was Reszurre's first time ***seeing*** the workshop, I gave her a quick tour of the place.

!!

Reszurre-san... Your hand is shaking... And you're sweating a lot. Does it hurt?

THUMP ドキ...

THUMP ドキ...

N... No! I'm... fine...

THUMP ドキ...

Even though we've done this many times... now that I can see... it's embarrassing...

THUMP ドキ...

Reszurre's right arm can move fairly freely now, but some things still worry me, like the shaking and the sweating. I wonder if that's a mental problem too...? Also, if we really want her to be able to move on her own, we'll need to get her a left arm and right leg... which requires funds.

Reszurre needs to keep doing leg exercises, and I need a way to make money.
